

3S INTERSOFT JSC

**Anton
Pham**

As you are fully aware the team at 3SI has been making good progress on this tight and challenging project. Everything that I've asked of them they have delivered and for that I'm very pleased. We still have a little more to go before production launch but I want to let it be known that Tuan, Phong, Manh and other team members who had contributed a huge amount of effort and for that I'm truly grateful. As a recognition of the tremendous and super hero efforts I would like to make a small gesture of my appreciation by treating the entire Project team at 3S to a very nice dinner to the sum of \$600USD...

I must say that I am very satisfied about the professional work delivered by the Windows team and it would be my pleasure to offer you more projects / new apps. I would like to thank all members of the team for their excellent work! As soon as the app is released, I look forward to further development of this application. There are many new functions that will be added in the "future."

**Marcel
Kaminstein**

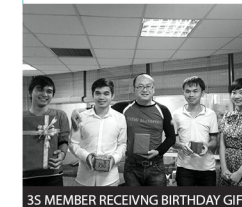

Excellent project work. The team went above and beyond the call of the project to ensure it was completed perfectly and on time. Highly recommended.
